THESE AND OTHER ITEMS WILL BE ON DISPLAY AT AL RAYA FROM MAY 8 TO 12

The truth is that Alain is a man of passion and ambition. He is currently working on a five-day exhibition that is to take place in Al Raya from May 8 to 12. He is also working on establishing a ceramics academy in Kuwait. I wonder how he finds the time and energy to do all this in one life. In the midst of our tour, I find a small piano. I had to know who plays. It turns out Alain's mother is a fantastic pianist. The notes from the keys added to the charms of the house. If you happened to be invited, don't hesitate to go.
